

End to end, AI powered underwriting solutions designed for Commercial and Specialty carriers and MGAs

MAGIC SUBMISSION

COGNITIVE SUBMISSION
INGESTION PLATFORM

The most advanced AI and Data powered Intake & Routing Platform for Commercial & Specialty lines

- 100% extraction of structured & unstructured data including broker emails, ACORD apps, SOVs, loss runs, and driver/vehicle lists
- Get the right submission to the right underwriter in the shortest time with only 'required elements' for underwriting
- Data validation and enrichment to enable modeling
- Sophisticated rules to support quick declines and underwriting triage
- Human-in-the-loop, supervised AI ensures predictable results on every submission
- API enabled for ingestion into quoting and rating platforms improving efficiency

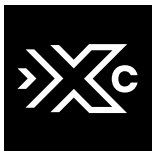

RISK ANALYST

LARGEST DATA AGGREGATION
AND INSIGHTS PLATFORM

The largest insurance data aggregation and insights platform

- Contextual data and risk insights from thousands of structured and unstructured data sources
- Line-specific guidance ensures UWs pay attention to insights that actually matter.
- Customized business rules provide underwriters with actionable insights
- API driven for ingestion into quoting, rating and underwriting systems improving efficiency\
- Option to use as a standalone tool with configurable user interface

XPONENT

UNDERWRITING FOR
COMMERCIAL LINES

Fully built-out Underwriting Workbench tailored to the demands of admitted lines

- AI driven insights infused at every step of the process
- Quote, rate, and bind accounts; document underwriting decisions
- Full Policy Admin capability built-in or use with your current PAS ecosystem
- Configure business rules for a customized underwriting workflow
- Automated referrals to improve collaboration and adherence to letters of authority
- Agent/Broker dashboards provide transparency to elevate performance and exceed goals

XPONENT

UNDERWRITING FOR
SPECIALTY AND E&S

No-code platform catering the unique needs of non-admitted and specialty lines

- Accelerate the build of custom portals, underwriting workbenches and peripheral capabilities
- Speed to market of new products and coverages. Roll out products in days not months!
- Fully integrated AI based intake and the most sophisticated 3PD driven insights
- Highly configurable workflow supports customized underwriting and eligibility rules
- Automated rating improves underwriting experience while still providing the ease of Excel raters.

Full UW cycle support to rapidly quote and win business
